

## *A Child is counting on you...*

*Is there anything we can do for the Christian families in the land of Christ who are struggling to feed, clothe, shelter, and educate their young ones? Yes, there is always something we can do and ought to do and that is why we decided to become involved.*

*So what then can we do to assist from our corner of the world?*

*Firstly, we can, and must, pray for these families. They are our brothers and sisters. How can we abandon them? It is not easy for Christians to find work in the Middle East. Even those blessed with a job do not make much. Sometimes only one parent is able to work. How would we fare in such circumstances?*

*Secondly, we can add actual works to our prayers. It is said that children are a country's wealth. Helping with a child's school tuition gives that child a chance to learn, grow, discover his/her gifts and talents and eventually become a contributing member of society. It also eases the financial burden on the family. Even if you have little monetary means, there is always a way. Invite your relatives and friends to join you in sponsoring or sharing the full amount for one child. Together you can all make a significant difference in that child's life.*

*Foster hope today by supporting the Jerusalem Student project. Be the carrier of joy to a child and family in need in the Holy Land.*
